# Laptop

- Or these?

# Tablet

- Or these?

# Mobile Phone

- Or even one of these?

# Components

- They all contain the same components in one form or another:

Screen

Keyboard

Power Supply

Working Memory

Storage

Processor

Operating System

Software (Apps)

# • The Operating System (OS)

• :

# ● To Review

- The hardware (HW) is the bits you can feel
- The OS 'sits' on the HW and acts as a controller
- The Software or Apps (SW) are what you run to achieve your aims, eg:
- Browser (for websites), email, Word, Excel, photo viewer, Accounting, photo editor, CAD, etc, etc, etc
